Testimonial

“Joining Practice Index has been a really good experience for us. The team were extremely helpful in setting up our page and we quickly found that we were receiving reviews. As all of our clients are GP Practices it is the ideal review site for us and of course, helps our clients find other goods and services too. We would wholeheartedly recommend Practice Index. It’s easy to use, the support is excellent and it’s very well priced.”

With Practice Index you can see what our customers say and the real benefits they have achieved. I would recommend any business already working with or looking to work within the NHS to sign up to Practice Index without delay.”
