5 Reasons Why To Choose Green Machine

1. With all new contracts our initial set up procedures will include a **free initial deep clean facility**.
2. We can also **save you at least 10%** per annum guaranteed on your washroom water and electric current usage and costs
3. We are the Southwest's only one-stop solution for truly environmentally friendly commercial and associated soft services.
4. All staff are CRB checks (Criminal Records Bureau if required and data protection form signed) and trained to BICS (level 1 & 2) and NVQ (Level 2)
5. We might not be the biggest company but we aim to be the **best service provider in the Southwest**.

Green Cleaning... We Do More Than Just Talk the Talk

All Green Machine products are:

- Non Toxic
- Non Chemical
- All products are EN Ecoclabel certified
- No health risks period
- PH Neutral
- 90% Biogradable in 14 days

Key Accounts - Southwest

Testimonials

The Green Machine have provided contract cleaning services and small works to us since

March 2013 and have more recently taken on Grounds Maintenance at our premises.

We have been impressed by the professional approach by all staff at Green Machine and are very pleased with the quality of services provided. All employees are helpful and polite and complete all work efficiently to a very high standard which is noted by both our staff and visitors.

John Hopkins - Facilities Manager – NHS

Staff at Green Machine are always very polite and professional, it is also a useful tool to have them doing the cleaning audit for CQC.

They always maintain adequate cover during holidays/sickness. I would recommend Green Machine to any Practice who decide to bring in a professional company”

Caron Standerwick - Practice Manager – NHS
