Level 2 Award in Medical Terminology

Who is this programme for?

This programme is designed for those with no previous experience of working in a medical environment, or for those who wish to reinforce existing knowledge.

The qualification takes a structural approach offering participants a comprehensive knowledge of medical terminology suitable for those in receptionist, administrator and secretarial roles within the health sector.

What is the aim?

The aim of this unit is to provide learners with a thorough grounding in the correct construction, recognition and usage of medical terminology.

What modules are covered in the programme?

The modules covered in this programme are:

- Introduction to Medical Terminology
- Structure and Meaning of Medical Terms
- Meaning of Medical Terms relating to the Body systems
- Meaning of Medical Terms for the different medical specialities
- Meaning of abbreviations concerning drugs and prescriptions

Assessment for this programme will take the form in one short answer test. There is no limit in how many times a candidate may retake the examination. The pass mark for the unit is 70%.

Benchmark your skills with these **new qualifications** for healthcare professionals

What are the entry requirements?

There are no formal entry requirements for candidates undertaking this qualification.

What time will I need to set aside?

The recommended home study time is around 3-4 hours per week.

The content is fast moving and candidates are expected to supplement the classroom delivery with additional reading/revision at home

Candidates must complete the full unit and complete the examination to receive the Award.

Career Progression

These programmes are designed to enable progression through each level of the suite of programmes. The programmes are scheduled so participants can complete the Level 2 Award in Medical Terminology and provide the opportunity to progress onto other Medical Administration Qualifications, namely the full level 2 intermediate Diploma in Medical Reception or the level 3 Certificate in Medical Terminology.
