Customer Testimonial

Here's what one satisfied customer had to say about our furniture division.

We can also provide your Practice with Bariatric seating.

St James Medical Centre

"We were looking to furnish our new Practice at Norton Fitzwarren. We had just started using Whittaker's as our Office Products Supplier through the LMC Buying Group, and so invited Whittaker Office Solutions to submit a quotation. Simon from their Interiors Division came and carried out a detailed inspection of each room. We discussed our requirements with him and he gave us several options; his expertise was invaluable in this area.

As this was a major project for us we split our plans into two phases. Phase One was to get up and running. Whittaker Office Solutions submitted an itemised quotation by room, enabling us to look at each room, our initial requirements to open, and subsequently, we placed our order with them. Whittaker's installation team arrived promptly at the designated time and stayed until the furniture was installed; they worked efficiently and left everything tidy.

When we were ready for Phase Two (to furnish the rest of the building) we invited Whittaker's back and again everything went to plan as promised. I would have no hesitation in recommending Whittaker Office Solutions for any furniture needs, and I am sure you will be impressed with their service as we were."
